Risks

- 1) Changes in interest rates and differences in taxation policies for different securities can raise or lower return.
- 2) Some securities may cause volatility in return with potential constraints on liquidity.

N/A: The portfolio management team is cognizant of these risks and looks to minimize impact of risk exposures on the portfolio where such may arise.

Disclaimer

Investment return of an investment may fluctuate, and past performance is not necessarily a guide to future performance.

The portfolio allocation and holdings are subject to change and should not be considered recommendations to purchase or sell a particular security.
